Dear Sir:

Under the provisions of Section 3.4, Executive Order 12356, a researcher has requested the mandatory declassification review of the enclosed White House-originated document(s) from our holdings. The enclosed document list identifies the Library file which contains the document(s). This request is from donated historical material; therefore, Freedom of Information Act and Privacy Act exemptions may not be cited.

Please review only the intelligence information in the document(s). Upon reviewing the intelligence information, please forward the document copies to the State Department Classification/Declassification Center together with your recommendation. The State Department will then forward the document copies to the National Security Council with CIA and State recommendations.

However, if the intelligence information in any documents require that they should remain classified in full, please advise the Library directly of your recommendation in those instances and return those document copies. The Library will notify the researcher.

Should you have any questions, do not hesitate to contact me. I can be reached at (FTS) 770-5137 or (commercial) 512-482-5137.

Sincerely,

David C. Humphrey  
Archivist
